

After numerous calls - Miss Green of  
the Patent Office and Interfering, advised me on 8/27/97 that the  
'846 was with the judge ruling the  
Callen Interference and furthermore the  
second Callen patent was also under  
consideration by the judge for adding  
it to the Interference proceeding.  
The judge is presently on vacation.

10/21/97

Miss Green informed me that this case  
is being returned to the Interference bench  
in connection with Callen Interferences on 144  
Combustion system.
